

Dear Guests,

Following the theme of the hotel presenting our selection of wines we would like to take you on a journey through the classic german wine regions. We are focusing on german wines. Please enjoy a wide range of famous names as well as exciting new discoveries amongst the young generation of wine makers. We like to take a look at the near region of Saale/Unstrut. We are happy to assist you with recommendations to find ideal pairings for our francophile or mediterranean cuisine. Internationally we focus on the classic regions of the „Old World“.

Wine is a important component of our culture. Often there is only a limited amount of bottles available. In case one of our wine is „sold out“ or a special vintage is not available anymore, we ask for your understanding. We are sure there will be a sufficient alternative on the list. Our competent staff is happy to help you with the selection. We also appreciate advises and please do not hesitate to ask questions.

All of our wines and sparkling wines contain natural or added sulfites.

We wish you a pleasant stay.

*Thomas Stobbe & Adrian Imm
